

Family Promise of Southern Chester County Receives \$75,000 Grant From Link Logistics for Outdoor Space Enhancements

Kennett Square – September 22, 2025— Family Promise of Southern Chester County has been awarded a \$75,000 grant from Link Logistics to upgrade and enhance outdoor spaces at its Promise Houses and Resource Center. The grant was awarded through Link Logistics' Community Grants Program, which aids nonprofits through infrastructure grants that focus on optimizing and expanding operations and functionality.

"Families facing homelessness often experience severe stress, trauma, and social isolation," said Carol M. Lowe, MSW, LSW, Executive Director of Family Promise of Southern Chester County. "This grant will allow us to create safe, family-friendly outdoor areas—spaces where parents and children can rest, relax, and reconnect. Plans include shaded seating, gardens, and play areas designed to foster emotional well-being and restore a sense of normalcy for families navigating crisis."

Link Logistics is a leading operator of last-mile industrial real estate and warehouse properties. With a dedication to supporting the communities where it operates, Link Logistics' Community Grants Program provides infrastructure grants supporting hunger, education, and hyperlocal needs. Since launching the program in 2022, Link Logistics has donated \$8 million to more than 75 projects.

"Family Promise of Southern Chester County's work transforms lives," said Luke J. Petherbridge, chief executive officer, Link Logistics. "We are honored to partner with them to create safe outdoor spaces for families. Their dedication inspires us, and we're proud to support their mission."
